Natchaug Hospital Inpatient Services

Visiting Guidelines:

We welcome visitors. Please help us protect the privacy and safety of our patients and family members. Please respect these guidelines:

- Photo ID is needed for each visitor (except children with a family member).
- Visitors are limited to the patient's family or guardians.
- Please, no more than two visitors at a time.
- Visitors under 16 must be with an adult.
- Visitors under the age of 12 must be approved by the doctor.
- Visitors may not smoke at the hospital.

Patients at the hospital for drug or alcohol treatment may not have visitors for 72 hours after admission. The staff closely watches their health and makes sure they are safe.

Help us to serve you and your family better:

Natchaug Hospital wants to meet the needs of the people we serve. We welcome your ideas about how to make our programs better.

If you are worried about the care you or a loved one is receiving at Natchaug Hospital, please contact the director of the program.

Phone Guidelines

There are pay phones on the Adult and Adolescent Units. Children use the phone at the nurses' desk to talk with their families, guardians, and others. The child's therapist will help the child decide who to call.

- To respect the interests of each patient, phone calls are limited to 10 minutes.
- Calls coming in during group sessions will be returned rather than disturb the group.
- A patient who needs a longer call, or a call during group time can make plans with their therapist.

During the week, calls placed after 8:00 PM are less likely to disturb school and treatment groups.

Please make arrangements with staff if children or adolescents need to be available for calls during the day on weekdays, or for calls likely to take more than 10-minutes.
